

## **Fulfillment & Distribution**

MLI provides E-Fillment Solutions™...the most highly integrated and customized fulfillment solution in the industry today. We enable companies to offload even the most complex fulfillment programs from Marketing, Sales, Customer Service, Training & Education and Human Resources, as well as those from internal fulfillment departments.

MLI's expertise in fulfillment has given us the insights to craft an integrated solution that encompasses all the important elements of a successful fulfillment project. We seamlessly help companies manage the physical movement of products, the back end management, and the integration of the data, printing and mailing. We have assets and programs in place, such as E-Fillment Solutions, which can be scaled to the point that's right for your organization.

MLI's 360° Fulfillment Solution provides:

- ◆ Warehousing and inventory management
- ◆ Coordination and planning with multiple sources of material
- ◆ Management of the procurement / item acquisition process
- ◆ Mass mailing / physical fulfillment / distribution
- ◆ Data cleansing / address verification
- ◆ Customized Assembly, Kitting, and Packaging services
- ◆ Systems integration such as shipment tracking
- ◆ Real time data visibility and reporting
- ◆ Production of needed printed material and media replication
- ◆ Sources for a wide variety of electronic components
- ◆ Quality and world class operational standards
- ◆ Complete project management
