MLI provides the solutions you need to manage your supply chain. We completely handle all logistics from incoming products from multiple vendors, through assembly, kitting and distribution.

Our extensive supply chain management capabilities include printing and promotional materials management, fulfillment and distribution, and supply chain management for hardware, software, medical devices and communications. You maintain complete control, with real-time inventory and job tracking. Customized reports provide all the details you need to make educated decisions, taking away all the guesswork.

Contingency planning is no longer a luxury...it is a requirement. With MLI's integrated E-Fillment Solutions, you can be involved in every step of the process, negotiating with vendors yourself and having products shipped to us, or you can let us take care of it all for you. Our greater buying power through our pre-qualified, wholesale vendors means increased savings for you, and if a machine breaks down or an item is out of stock, we are able to immediately to redirect production so that deadlines are still achievable.

Our fulfillment and shipping specialists have the insider knowledge of all the ins and outs of distribution, which guarantees your items will arrive where you want them, when you want them, and at the lowest cost possible.

A chain is only as strong as its weakest link. MLI reinforces all the links to ensure the strength of your Supply Chain.
